Summary

Second-year engineering student at IOE Pashchimanchal Campus with interests in Artificial Intelligence, Machine Learning, Cybersecurity. Skilled in Python and C++, with a passion for learning, problem-solving, and building innovative technology solutions. Eager to gain practical experience and contribute to impactful projects.

Technical Skill

Programming Languages: Python, C++, C
Web Development: HTML, CSS, JavaScript
AI & ML: Pytorch, NumPy, Pandas, Scikit-learn
Cybersecurity: OSINT, Cybersecurity Fundamentals
Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook
Operating Systems: Windows, Linux, Cloud Technologies: GCP, AWS

Experience

Marketing and Social Media Head

AWS Student Community Day 2025 • Pokhara, Nepal
12/2025

Led marketing and social media campaigns to promote the event and increase participant engagement.
Coordinated content creation, outreach activities, and branding initiatives across digital platforms.
Collaborated with organizing teams to enhance event visibility and community participation.

Outreach & Branding Member

AWS Cloud Club, IOE-Paschimanchal Campus • Pokhara, Nepal
05/2025 - 05/2026

Contributed to outreach and branding efforts to strengthen the club's presence within the student community.
Assisted in organizing technical workshops, events, and community engagement initiatives.
Supported promotional campaigns and content creation for club activities.

Projects

[Flower Recognition Using Deep Learning](#)

Developed and deployed a ResNet9-based deep learning model for flower species classification using PyTorch and Streamlit.

[FollowPulse](#)

Instagram Analytics Dashboard (Built a full-stack web application to analyze Instagram follower data, identify mutuals, and generate account insights)

[Line Following and Wall Avoiding Robot](#)

Designed and programmed an Arduino Nano-based autonomous robot using infrared and ultrasonic sensors for wall-following and line-following navigation in C++.

Education

Bachelor of Engineering in Computer Engineering

IOEPaschimanchalCampus • Pokhara, Nepal
Expected Graduation: Nov 2028

High School

Gandaki Boarding School • Pokhara, Nepal
2022-2024

Certificates & Achievements

[6 months AI Bootcamp \(2025-2026\)](#)
[Hackathon Participant](#) US-Nepal Hackathon 2026 (36 hours)
[GBS Maths League \(Silver Medalist\) - 2023](#)
[BNKS Maths League \(thrid position\) - 2024](#)
[IYMC Qualified - 2023](#), [ICSC Qualified - 2025](#), [IAAC Qualified - 2025](#)

Languages

English, Nepali
